All exhibitors entering STAR agree and contract to abide and be bound by these rules and that their rights and privileges as Exhibitors in STAR are solely defined by them. **Any person who violates any of these rules will be subject to the specific penalty specified in any rule or rules violated plus the possibility of one or more of the following as determined at the sole discretion of the Executive Committee:**

Rule 2. Statement of Liability:

All exhibits will be subject to the direction of STAR Management, but STAR will in no case be responsible for any loss or damage that may occur for any reason, including, but not limited to, the condition of the premises or the refusal to consent to the administration of any drugs, chemicals, or other foreign substances. Each exhibitor will be solely responsible for any consequential or other loss or injury to any exhibit exhibited by him or her and for its description as given in the premium book, and shall indemnify STAR against all legal or other proceedings in regard to as well as damage or injury to any other person or property used by the exhibitor or any of the exhibits by him or her arising out of, or in any way connected with, such exhibit.

Rule 3. Application for Entry:

- A. All FFA and 4-H entry applications must be made on official entry forms, completed in all respects, signed by the exhibitor and the County Extension Agent, Agriculture Science Teacher, or 4-H adult leader under whose actual supervision the project was raised or

made. In all cases, it is within the sole discretion of STAR to reject or accept conditionally any applications.

All entry applications of exhibitors from each individual 4-H Club or FFA Chapter must be made together and brought or mailed to STAR by the 4-H Club Manager or Agriculture Science Teacher with one check, for all of that club or chapter's entries, made payable to the South Texas Agricultural Roundup. No refunds of entry fees will be made under any circumstances.
- C. Entry applications must be made using the printed entry forms and entered online through the online entry system (Club Manager or Ag Science Teacher) by the designated entry deadline.
- D. A completed/submitted entry application requires the printed form (completed and with original signatures) and the entry submitted through the online entry system by the Club Manager or Ag Science Teacher. All printed forms, online entries and payments must be submitted by the entry deadline.
- E. All entry applications and entry fees must be postmarked by December 1, 2019.
- F. Substitutions for the same species and late entries will ONLY be accepted until Friday, January 10, 2020 at \$20 and \$40 fees, respectively.

Rule 4. Exhibition & Substitution:

All entries must be exhibited by their own exhibitor. In the case the exhibitor cannot exhibit their own entry, a substitution will only be considered in the following situations:

- 1. Exhibitor has more than one entry in the same class
- 2. Illness of the exhibitor or immediate family emergency.
- 3. Participation in other events in which the exhibitor qualified for in a previous event and subsequent absence at STAR was unforeseen. Exhibitors must complete a separate Substitution Form and file it with the STAR showground's show office for consideration.
- 4. Competition in any scheduled event is not a valid excuse for substitution. This includes other livestock shows, non-qualifying sporting events, recitals, dances, etc.

Any request for substitution by an exhibitor for reasons 4.2, 4.3 and 4.4 above must:

- 1. Complete a Substitution Form and secure all appropriate signatures. Signatures must include the AST, CEA or 4-H adult leader under whose supervision the project was raised and one of the exhibitor's parents or legal guardians. The form must be filled out completely including the reason for the substitution.

The substitute exhibitor must be a member of the same FFA chapter or 4-H club as the original exhibitor requesting the substitution or the exhibitor's participating STAR sibling or another participating STAR exhibitor showing the same species. The substitute must also meet all other requirements for a FFA member or 4-H member to be able to participate in STAR and entered in the current year's show. A substitute will be allowed to participate for only one exhibitor in a division.

Substitute exhibitors will not be allowed in any showmanship class.

STAR reserves the right to deny any request for substitution.

Due to the fact that making the Premium Auction is not a guarantee to students participating at the STAR, exhibitors participating in school, job related, church or youth related scheduled events may obtain a substitute for the Premium Auction. The exhibitor must complete a Substitution Form and secure all appropriate signatures. Signatures must include the AST, CEA or 4-H adult leader under whose supervision the project was raised and one of the exhibitor's parents or legal guardians. The form must be filled out completely including the reason for the substitution. The form must be turned in and on file with the STAR showground's show office by 8:30 am the day of the Premium Auction. No adults will be allowed in the sifting area.

Rule 13. Rules of Judging:

No protest will be accepted concerning the decisions of the sifter and/or classifier. No protest will be accepted challenging the rules or policies set forth in this premium book. Only protests of the application and administration of these rules will be considered.

The STAR Board will have sole right and authority to review and decide on each protest. The protesting party will be notified of a time and place within thirty (30) days of the date of receipt of the protest when the Protesting party may appear in person before the STAR Board to state his or her position or present additional evidence competent under the Texas Rules of Evidence. The protesting party will be allowed a maximum of 60 minutes for the presentation. Non-appearance at the time scheduled will constitute a default of a protest and a forfeiture of the \$250 fee.

Rule 16. Special Rules:

Special rules or conditions are published in each division. If there is a conflict between the special rules of any division and the general rules and regulations, the special rules will govern.

- B. Cattle from tick or scabies quarantined areas must be accompanied by a certificate issued by a state or federal inspector showing freedom from infection or exposure thereto and have been dipped immediately prior to shipment.

Rule 24. Foreign Substances:

The South Texas Agricultural Roundup in its sole discretion may, any number of times and at any time, test any animal officially entered in any division for unethical fitting or any foreign substance including any type of drugs, chemicals or prohibited feed additives other than drugs or chemicals. Feed additives are prohibited if they are so indicated by the USDA or FDA at the time of the test. Unethical fitting is any physical or physiological attempt to alter the natural confirmation, musculature, or weight in any animal.

Testing of Grand Champion and Reserve Grand Champion Market Animals

1. The exhibitor and his/her parent(s) must be present immediately after winning and both must be present with the animal at all times until an adequate urine sample is caught. If the exhibitor's parent(s) is/are not available, then the exhibitor's 4-H leader or AST must be present. No exceptions.
2. Please bring water, hay or feed (as you deem appropriate) to keep your animal hydrated and comfortable.
3. If you wish to compete in showmanship, you must advise the veterinarian on site prior to leaving your animal.

Failure to abide by the above rules will disqualify the champion animal from drug testing and your placing and premiums will be forfeited.

There will be an absolute zero tolerance for any foreign substances in any animal regardless of the concentration of the amount found or withdrawal periods published or approved by any entity. Testing equipment available is quite sensitive. All exhibitors are urged not to participate in or allow the medication of their animals for any reason whatsoever within three weeks of entry or while at the show without the express written consent of the official show veterinarian. Such consent will only be granted upon extraordinary circumstances to be determined at the sole discretion of the show veterinarian. Unless written consent was given by the show veterinarian, any animal testing positive for any such foreign substance, regardless of its source, whether it is otherwise approved or permissible by any entity or governmental agency for the treatment of any animal, the exhibitor's knowledge of or participation in its administration, or by whom it was administered, or having been unethically fitted at the discretion of the show veterinarian, sifter, or judge will automatically be disqualified. If an entry is disqualified, no changes will be made in the placing of other animals. The carcass of a disqualified animal will be disposed of, if still available, only in accordance with written instructions from USDA or FDA if the substances detected are or could be hazardous to humans if consumed.

STAR reserves the right, at any time, to test any animal, utilizing the methods of ultrasound technology or post-harvest stripping of the hides, to detect the use of foreign substances or unethical fitting. Penalties for violations may include but are not limited to those indicated in Rule 1.

Rule 25. Medications:

Rule 24 sets a zero tolerance for any type of medication in an animal unless the STAR official veterinarian has given express written consent. Possession of any such medications without said written consent will not be permitted. Should any such medication be found in the possession of an exhibitor; that person and his or her exhibit may be subject to the penalties outlined in Rule 1. Should any such medication be found in the possession of any other person; that person may be asked to leave the grounds, for a length of time to be determined, at the discretion of the STAR board. Veterinarians bringing such medications onto the grounds for the possible treatment of animals pursuant of this rule should advise the STAR veterinarian before doing so or they will expose themselves to the above-mentioned provisions.

Exhibitors who have a project on the grounds and need the service of a veterinarian should report to the show official, who will contact the official show veterinarian. Exhibitors should stay with the animal in question until the STAR veterinarian arrives. If an animal of an exhibitor needs medication, the decision to give it or allow it to be given is solely that of the exhibitor regardless of consent or lack thereof from STAR or the official show veterinarian and the effect on the animal of its administration, or lack thereof, is solely the responsibility of the exhibitor. If the animal of an exhibitor is medicated without the express written consent of the STAR veterinarian and it tests positive for the substance administered, the provisions of Rule 24 will apply. Payment of veterinary fees and any medical supplies is the responsibility of the exhibitor.
